About me

Motivated Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and React.js. Experienced in building responsive web applications and managing technical workflows. Passionate about creating user-friendly interfaces and leveraging AI tools for efficient coding.

Skills

- Solid foundation in HTML5 and CSS3 with focus on clean structure and styling
- Basic working knowledge of JavaScript for interactive web elements
- Experience in building responsive websites using Bootstrap
- **Soft Skills** - Quick learner with ability to adapt to new technologies
- Good communication skills and ability to work in a team

Project

Project: Explore Rajasthan - Tourism Website

- Designed and developed a responsive tourism website to showcase Rajasthan's popular destinations.
- Implemented HTML, CSS, and Bootstrap for layout and design
- Created sections for tourist places, tour packages, pricing, and contact detail
